

The English Express

S.K.H. Yan Laap Memorial Primary School English Newsletter

Happy Easter! Welcome to the fifth edition of the Yan Laap English Express. This edition has been designed and written by the following amazing P4 students:

Alcina 4A; Jerry 4A; Vinci 4B; Corin 4C; Yoyo 4E

Favourite of the Month

For favourite of the month in this edition, Yoyo from 4E has chosen her favourite cartoon, **Little Twin Stars**.

She chose this as she thinks they are so cute and beautiful.

Happy Easter

In April, people all across the world celebrate Easter! The date of Easter Sunday changes every year and this year it fell on the 21st of April. Traditionally, people are off work and celebrate the day by being with their family, eating Easter eggs or going to Church. As it's a festival, we all get some time off school! During the holidays, Vinci from 4B went to the playhouse in Discovery Bay with her two sisters. She said it was fun and exciting but the big slide was too high!

English Ambassador Teams

What have the EAT Teams been getting up to?

P3

In Miss Sophia's class, the EAT have been learning some new fun games. In one class they played English whispers, where a message gets passed around a circle. Also, with Mother's Day coming up, they made some lovely cards for their mums!!

P4

The P4 EAT class have put together a presentation to send to Mr Thomas's old school about Hong Kong and Yan Laap. Maybe they'll want to visit! They've also been playing fun English games such as Charades, Musical Statues and Pictionary.

P5

For Miss Rebecca's class, the students made a deal with her that they could pick the games and she could bring the prizes! They have also been playing a game where they have to pick up chocolate using gloves and a knife and fork. Yum!

STEM

In April, YLM students made some amazing STEM projects. Lets find out more about Science with the help of Corin (4C), Jerry (4A) and Alcina (4C).

WHAT DID YOU DO FOR STEM DAY?

Corin: STEM day was awesome. I really enjoyed racing the boats with other people!!

Alcina: We made boats out of bottles. It was really hard but we were so excited!

Jerry: I worked together with Thomas. We even tried out the boat at a pool. It was so fun.

Students racing their boats!

4B show off their final products!

FUN SCIENCE FACTS

If you stretched out all of the DNA in your body, it could reach from Pluto to the sun and back!

Soon, scientists may be able to bring back animals that were previously extinct, like the Woolly Mammoth!

Did you know, 70% of the Earth is water. That's why it's sometimes called the 'Blue Planet'

This week's puzzle....

Riddles

- 1.) What belongs to you but other people use it more?
- 2.) What is more useful when it is broken?
- 3.) What comes up when the rain comes down?

Answers!

- 1.) Your name
- 2.) An egg
- 3.) An umbrella

Star Student Awards

Well done for always trying your best in the NET teacher's classes.
Congratulations and keep up the good work!

Well done P4 Newsletter Team!

News about Ting Pen for p1-3 students

Have you thought of using your Ting Pen to help you read the newspaper and hear the voices? Now, South China Morning Post has Ting Pen enabled posties. Bethany (3A) and Rachael (5B) were invited by Posties to read the articles with the Ting Pen.

COME to the school library to LISTEN to their articles with Ting Pen
